4TH QUARTER 2017

What an amazing year 2017 turned out to be for Bearing Precious Seed and Seedline. A record 12.1 million copies of Scripture were printed during the year (even with the press being down for 1 month due to the addition of the new tower). There are already numerous requests for Bibles to be printed in 2018 so we are excited to see what the new year holds in store. We were also able to ship 21 containers this past year. It is truly exciting to think that we will meet people in eternity from all around the world because they came to the saving knowledge of Jesus Christ from a copy of God's Word shipped in one of these containers.

2017 was an extremely busy year for our family as well. We had the privilege of being a part of 23 Seedline Scripture assembly projects in churches around the country and assembled 694,750 John/Romans. TO GOD BE THE GLORY!! I also had the opportunity to be a part of several other conferences and missions conferences during the year. The good news is, 2018 is appearing as if it will be even busier for us. More assembly projects means more Scriptures assembled and prayerfully more souls saved around the world.

Please continue to pray about the Scripture distribution project in South Korea during the winter Olympics. I have received enough funds to purchase the airline tickets. I am now praying that the money necessary for the remainder of the trip comes in before I leave on February 9. The group I am traveling with will be leaving the States on February 9 and returning February 17.

Thank you for your support,
